# “Infection Prevention & Control Issues in Ambulatory Surgery Centers”

January 18, 2012 —7:45 A.M

## COURSE OBJECTIVE:

At the end of this program, the Infection Control Registered Nurse will be able to apply infection control principles learned in order to develop a more effective infection control program in their facility. This course will include interactive activities to facilitate the learner’s application of infection control principles.

## REGISTRATION FEES\*:

<u>Early Bird Registration</u>		<u>Registrations received after December 27, 2011:</u>	
Member	Non—Member	Member	Non—Member
\$300.00	\$395.00	\$350.00	\$445.00

(Fee includes continental breakfasts, luncheons, coffee breaks, materials, a copy of Control of Communicable Diseases Manual, a copy of Infection Prevention for Dummies, and a complimentary one year membership in TSICP for those who pay the non-member price.)

## REGISTRANTS WITH SPECIAL NEEDS:

Individuals in need of special assistance or dietary considerations in regard to this educational program should call the following number: 512-263-2480

## REGISTRATION/CANCELLATION DEADLINE:

To ensure enrollment, payment and form must be received at TSICP by January 13, 2012. If confirmation is not received by January 13, 2012, call 512-263-2480. The registration fee, less a 20% cancellation charge is refundable if notice is received three business days prior to program. No refunds will be issued for cancellations received after January 13, 2012.

SPECIAL NOTE: *The conference will be held at the Omni Bayfront Hotel in Corpus Christi.*

## CONTINUING NURSING EDUCATION:

To receive **6\*\*** contact hours, the participant must attend the entire activity and submit a completed evaluation tool. *Because we are unable to give partial credit for early departure, please do not make early flight reservations.*

\*“Nursing contact hours have been applied for through the Texas Nurses Association, an accredited approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.”

# PROGRAM TOPICS

## **Medication Safety**

Define and identify the safe injection practices that prevent spreading infections from patient to patient (HAIs).

## **Microbiology-**

Review some of the basics of microbiology and discover some of the inner workings of the Microbiology lab.

## **Isolation for ASCs-**

Review transmission based precautions and how they are adapted to ASCs.

## **Internet Resources-**

Identify some of the many web-based resources that are at your fingertips!

## **Analyzing and Presenting Your Data-**

Discuss means of analyzing, preparing and presenting your data in a manner that is meaningful and comprehensible to other stakeholders in your organization.

## **Educating the Adult Learner-**

Describe ways to engage and educate adults in order to help spread the message of Infection Control and Prevention.

## **JCAHO/OSHA/CMS: How These Affect Your IC Program-**

Compare the differences in these organizations and the regulations they each require for your facility. Learn how your program should be structured in order to meet each organization's regulations and standards.

## **AORN Surgical Guidelines-**

Recognize the components of the AORN guidelines and how they are applied to ASCs.
