Infection Control & Prevention**

"Essentials of Infection Control & Prevention"

**Omni Bayfront Hotel
January 19 - 20, 2012
corpus Christi, Texas**

Provided by TSICP

Winter Workshop

“Essentials of Infection Control & Prevention”

January 19—20, 2012

(January 19—7:45 A.M.– 5:00 P.M.; January 20—7:45 A.M.—3:30 P.M.)

COURSE OBJECTIVE:

At the end of this program, the Infection Control Registered Nurse will be able to apply infection control principles learned in order to develop a more effective infection control program in their facility. This course will include interactive activities to facilitate the learner’s application of infection control principles.

REGISTRATION FEES*:

Registrations received by December 27, 2011:

Member	Non-Member
\$400.00	\$495.00

Registrations received after December 27, 2011:

Member	Non-Member
\$450.00	\$545.00

(Fee includes continental breakfasts, luncheons, coffee breaks, materials, a copy of Control of Communicable Diseases Manual, a copy of Infection Prevention for Dummies, and a complimentary one year membership in TSICP for those who pay the non-member price.)

REGISTRANTS WITH SPECIAL NEEDS:

Individuals in need of special assistance or dietary considerations in regard to this educational program should call the following number: **512-263-2480**

REGISTRATION/CANCELLATION DEADLINE:

To ensure enrollment, payment and form must be received at TSICP **by January 13, 2012**. If confirmation is not received by **January 13, 2012**, call 512-263-2480. The registration fee, less a **20% cancellation charge is refundable** if notice is received three business days prior to program. No refunds will be issued for cancellations received after January 13, 2012.

PROGRAM TOPICS

Surveillance Definitions -

Define and identify the CDC/NHSN criteria that are applied to a variety of healthcare-associated infections (HAIs).

Microbiology-

Review some of the basics of microbiology and discover some of the inner workings of the Microbiology lab.

Interacting with Other Departments-

Learn how to consult and interact with various departments and professionals in order to identify risks to your customers and improve processes related to the care of your staff, visitors and patients.

Internet Resources-

Identify some of the many web-based resources that are at your fingertips!

Hand Hygiene-

Acknowledge current recommendations regarding hand hygiene practices, compliance and monitoring in the healthcare setting.

Analyzing and Presenting Your Data-

Discuss means of analyzing, preparing and presenting your data in a manner that is meaningful and comprehensible to other stakeholders in your organization.

Educating the Adult Learner-

Describe ways to engage and educate adults in order to help spread the message of Infection Control and Prevention.

Isolation Guidelines-

Examine the latest CDC guidelines for isolation precautions in hospitals and the fundamentals of Standard Precautions.

JCAHO/OSHA/CMS: How These Affect Your IC Program-

Compare the differences in these organizations and the regulations they each require for your facility. Learn how your program should be structured in order to meet each organization's regulations and standards.

Occupational Health-

Recognize the components of an active Occupational Health program. Screening, immunizations, exposures, and injuries as well as ergonomic safety will be addressed.
