*Terri Goodman & Associates is an approved provider of continuing nursing education by the Texas Nurses Association - Approver, an accredited approver with distinction by the American Nurses Credentialing Center's Commission Accreditation

"I took the review course this past August in Kerrville. I passed the first time. I did want to say that I would not have passed without the TSICP review course. The course brought many things into focus to study and also helped me understand many of the topics much better. The test is extremely difficult and I strongly advise a review course that is presented with a live speaker. I had tried to do the online course through APIC but just could not get through the information or understand the rationales for the answers. Thanks TSICP!!" Bonnie Petty BSN, RN, CIC
